ABOUT US

Company Profile

We are Guangzhou Danguai Technology Co., LTD., focusing on the sales of high quality mobile Phone accessories, its "Phone Planet" brand positioning high-end mobile phone accessories, We are committed to providing customers with cost-effective products, including data cables, chargers, power banks, cases, screen protectors, and holders. All these products have stylish design and stable and reliable quality.

We mainly produce data cables and chargers, data cables include USB2.0-USB4, with different materials such as PVC, TPE, PP yarn weaving, etc. We will extend the life of data cables to 2-3 years by adding nylon wire to the inner core of data cables, using tinned copper and exclusive internal molding technology. Our full line of data cable products are widely used in mobile phone charging, gaming (connected to VR glass), video and audio transmission;

This charger adopts GaN technology with main control chip of Navitas(USA). It can achieve fast charging without heating or noise. It is widely used in charging mobile phones, laptops, earphones, game stations and other small appliances etc.

Our own factory has collaborated with brands such as "Ugreen" and "Baseus". With 20 years of industry experience and technical knowledge, our team is capable of providing professional consultancy sales solutions and a warranty of over 1 year.

Currently, we are recruiting brand agents and dealers. By choosing us, you will gain an exclusive market opportunity for a new brand, absolute bargaining power, a complete set of promotional materials, and local social media marketing resources to achieve rapid growth in performance. Please feel free to contact us to receive free samples.
